If you attend a Jaycee Meeting and/or event, please share those pictures and/or memories as well!

This is meant to be a way to share our events and travels throughout the year and to have fun! How many times have you heard someone talking about an event they attended in another State and thought, I would have loved to be there if I had only known! Finally, please provide the number of miles traveled to your events. It will be interesting to see just how many miles we travel collectively as Senators!
