

The USJCI Senate E-News was developed as a way to inform the Senate members of important and timely and important events. The receipt of this newsletter is available to ALL senate members and their spouses (if the Senator does not share). The E-News is sent out on the First and the Fifteenth of every month. Please get you articles in before then .

We know that many of our members like to travel, so we include a calendar of events throughout the year that also includes many functions in Canada, Europe and the Caribbean and South America.

We also include a section for the Chaplain. The chaplain's report will have a Well wishes for those who are ill and need our thought and prayers. Also those who have lost loved ones and those Senators that are no longer with us. The Chaplain will also include happy events such as weddings births ETC. PLEASE remember to send this information including Senate No's DIRECTLY to the Chaplain. Please remember I DONOT write the Chaplain's report.

Your articles should be short and to the point and contain all contact information with dates and times. Please submit your articles on a timely manner and be considerate of those that have events prior to yours. Please keep politics and controversial topics out of your submissions. I do not edit articles unless ask to do so. I will sent all questionable articles to the President for his/her approval. All registration forms should be in Word or PDF format. If they are in Word, remember that not every ne has the same version that you may have. Please submit them in Word 97-2003 if you can. That way they will be able to be read by everyone, even with a higher version. If you do not have PDF reader, it is a free download from Adobe.

Special newsletters will only be sent out at the request of the President.

Finally, I look forward to hearing from you and promoting your events.

Jim Miller #34554
